

The Distinctively Versatile Beverage Display

Your Ticket to Bigger Beverage Sales

Planniq Bev® gives you the freedom to rearrange beverage assortments to accommodate your own customer needs and wants. You'll be able to quickly and easily add new products in trending product categories. And your customers will be delighted to see new selections that have been recently introduced and are becoming popular online. This free-standing display delivers instant increased capacity for your complete beverage assortment. And it's your ticket to bigger beverage sales.

This sturdy, versatile retail display adds significant capacity in a small footprint. The removable lower angled shelf and adjustable lower flat shelf provide extra space for added can case storage down below. And Planniq Bev® can be equipped with a backer panel and optional casters, so it can be moved around your store in order to prevent unintentional consumer access to restricted areas that are not shoppable. And Planniq Bev® assembles easily in just minutes.
