

## The Critical Product Protection Display

### Higher-Margin Sales, Less Shrinkage

Time-pressed customers want it all – premium products, a high-quality shopping experience and in-and-out convenience. Give them the trifecta with Planniq Lock®, the streamlined way to incorporate premium products into your cigarette racks, cigarette displays, or convenience store fixtures. Planniq Lock® lets you confidently place high-value items including liquor and electronics at eye-level where they're more likely to spark impulse purchases. Our premium quality lockable security cabinets protect your inventory while improving your store's profitability.

Shelving and signage options add customer appeal while making for easy restocking. Ships within two to three weeks. Freight and sales tax calculated at checkout.
