

## The Enhanced Center Store Gondola Display

### Energize Your Sales with Integrated Power and Lighting

Today's on-demand retail environments require more from brick-and-mortar stores – more in-stock product options, more rapid product access and more visual appeal. Planniq Tech® is the gondola system designed to deliver all of these and more. From snacks on convenience store shelves to intricate displays of the latest consumer merchandise, Planniq Tech® integrates the power and signage options necessary to boost consumer appeal and rack up the sales that follow.

#### Planniq Tech® Key Product Uses:

- Salty Snacks
- Auto Parts
- Pet Supplies
- Grocery Staples
- Electronics Accessories
- Convenience Items
